Usage rules for the network of Savonia University of Applied Sciences

The rules below are to be followed when logged in Savonia network

Observe especially:
1) user account is personal and nobody else is allowed to use it
2) you must change your password on command of the network administrator
3) user account is temporary and is valid during your studies
4) installing your own servers to network is strictly forbidden
5) it is strictly forbidden to install anything on school's workstations or change workstations' settings
6) illegal use must be reported to the administrator (sd@savonia.fi).

If you use the network illegally you will lose your usage rights. Criminal use of network will be reported to police.
